TUITION

- Classes are only paid for by the month (not by the class), and the fee stays the same for months that have either four or five weeks.

- Tuition is due the 1st of the month to secure the student's place for the month. If tuition is not received on time, the student's place cannot be guaranteed.

- Unless prior arrangements are made with the office, if a student's tuition is more than two weeks past due, the student may lose his/her place to someone on the wait list.

- Tuition credit is not given for missed classes.

- Tuition is not transferable from one month to another due to poor attendance or any missed classes.

- If a student registers for classes later than the first week of the month, tuition will be prorated for that month.

- Prorating for family vacations or emergencies may be done three times a year per student.

- Snow days may be made up on another day or time that is regularly scheduled or on a day that works for both the instructor and the student.
